

PROWLER ULTRA 4.7 SPECIFICATIONS

Weight : 35kg*

Length: 4.7m

Capacity : 250kg+

Width : 74cm

*unruddered

PROWLER ULTRA 4.7 - ACCESSORIES

Ice Box Storage Pod

Foam insulated fish storage pod. Designed to fit rear tank well. Easily removed. Reversible hinge system.

Rod Tube Kit

Fitted in centre hatch to run under rear tank well. Allows for two rod and reels to be stored in the centre hatch if negotiating surf conditions. (Kit includes gasket).

Live Bait Tank Cover & Pump Kit

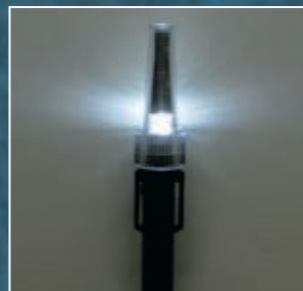

Approximately 15 pumps to fill tank, then occasionally to aerate water. Overflow drains through scupper holes in tank well. (Note rubber bung seals other scupper hole in tank).

OTHER ACCESSORIES

C-Tug Trolley

Easy to assemble, lightweight kayak trolley.

Kayakers Safety Light

Waterproof 4 x LED Safety Light powered by two AA batteries. Tektite® light modified with reflector ensures a bright 360° all-round white light.

Running Rig

Used to deploy either a Sea Anchor (see opposite) or a Grapnel Anchor. Easily fitted to moulded-in 'inserts'.

Kayakers Sea Anchor

Designed to be used in conjunction with the Running Rig.

Kayak safety - 100% waterproof inserts. All saddles, handles and other fittings are attached using

the 'insert' attachment system. Unlike rivets and screws, moulded-in 'inserts' are 100% waterproof.

DESIGNED BY KAYAK FISHERMEN FOR SERIOUS KAYAK FISHING

www.oceankayak.co.nz

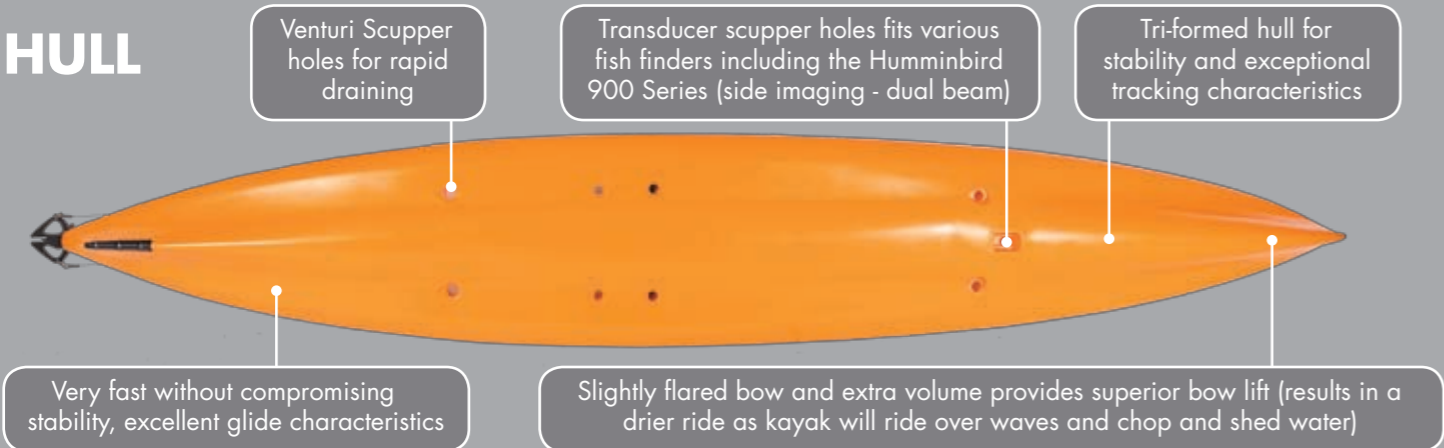

When it comes to Kayak Fishing, Ocean Kayak™ has built a reputation as a leader in innovation based on our unwavering commitment to R&D.

The new Prowler 4.7 builds on our core technologies (performance hull design, insert attachment system, transducer scupper hole) and adds a number of inspired new features (live bait tank, rod tube, Ice Box and flip lid centre console). The result is a superior fishing kayak that has genuinely been designed by kayak fishermen for kayak fishing.

HULL

MULTI FUNCTIONAL REVERSIBLE HATCH COVER

Position 1 : Attachment points for fish finder and other accessories
Rotate hatch cover (to protect fish finder)

Position 2 : Fish finder in protected storage for surf conditions
