

Discover....together

Fitted aluminium wear strip

Built in ergonomic handles for easy re boarding and lifting

Large high grade polycarbonate viewing panel*

Separate seating area for a child.

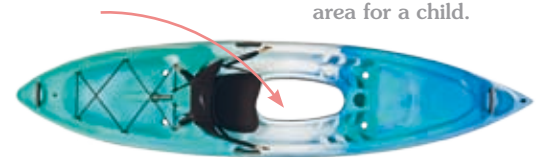

Go ahead, take a peek. The Peek-a-Boo's unique design includes a large viewing window so you can see underwater while you paddle.

Perfect for family fun, the Peek-a-Boo features a separate seating area for one child so you can share the view.

Designed specifically for family fun and adventure and to prove that real life can sometimes be better than a child's imagination. Discover...together.

KAYAK SAFETY 100% Waterproof 'Inserts'

All saddles, handles and other fittings are attached using the 'insert' attachment system. Unlike rivets and screws moulded-in 'inserts' are 100% waterproof.
