

# Venus 11

LIGHTWEIGHT PERFORMANCE KAYAK

Retractable end carry handle

Paddle holder

Centre bucket hatch

Centre handle to assist lifting

Front hatch with neoprene cover

Comfortable light weight kayak. A kayak lifting handle system that lets you load up and head home without the need for help. With a wider seat, paddle holder, centre bucket hatch and drink bottle holder, the Venus 11 is a great choice when looking for a high performance, yet compact sit-on-top. Front hatch with neoprene cover comes standard. For smaller to medium built paddler, ideal for light touring and fitness.

- Front hatch with Neoprene cover standard
- Moulded in foot wells and cup holder
- Seat-well designed to accommodate female centre of gravity
- Centre bucket hatch
- Comfort seat standard
- Handles carefully placed to assist with lifting
- Paddle holder
- Retractable end carry handles
- 100% waterproof 'insert' attachment system
